

# CHARGING HOSES, SAFE SEAL

COMING  
SOON!

Safety Swivel

One-Touch design

**P** PATENTED  
DESIGN.

- 72" hose (183cm)
- Suitable for standard refrigerants
- Patented Safe Seal technology:  
'One-Touch' design allows you to screw the fitting on to the system before starting refrigerant flow, avoiding refrigerant loss and risk of 'refrigerant burn'. Then simply turn the knob to start/stop flow.

The safety swivel sleeve allows free rotational movement of the hose without the fitting coming loose being put under unnecessary strain and preventing unwanted leaks.
